Enable a net zero future  
across the energy value chain.

## MISSION

To be a trusted platform for investors and facilitating sustainable investments that create value for all stakeholders while accelerating the transition to clean energy through innovative solutions for corporations, communities, and individuals.

# DIRECTORS' REPORT

for the Nine Months Ended March 31, 2025

**Burj Clean Energy Modaraba**

To the Certificate Holders,

Burj Modaraba Management Company (Pvt.) Limited, the management company of Burj Clean Energy Modaraba is pleased to present the Directors' Report on unaudited condensed interim financial statements of Burj Clean Energy Modaraba ("the Modaraba or BCEM") and consolidated financial statements with its wholly owned subsidiary for the nine months ended March 31, 2025.

## 1. Brief Information

In October 2024, the Modaraba was listed on the Growth Enterprise Market (GEM) Board of the Pakistan Stock Exchange (PSX), marking a pivotal moment as Pakistan's first Shariah-compliant green energy fund with the paid-up capital of PKR 1 billion. This listing underscores Modaraba's commitment to advancing sustainable energy solutions and offering Shariah-compliant investment opportunities. The initial offering comprised 10 million certificates at a fixed price of Rs. 10 per certificate, successfully raising Rs. 100 million.

The Modaraba's mission is to lead in sustainable energy finance by providing Shariah-compliant financial solutions for renewable energy projects. The Modaraba focuses on investments in solar, wind, energy storage, and energy efficiency solutions, aiming to reduce Pakistan's reliance on conventional fuel sources and alleviate the financial burden of high electricity costs on consumers. BCEM is supported by esteemed partners and investors, including Meezan Bank Limited, Habib Bank Limited, and Arif Habib Corporation Limited, all committed to promoting the use of renewable energy in Pakistan.

## 2. Financial Performance

BCEM commenced its operations in December 2024. During the period ended March 31, 2025, the Modaraba achieved a net profit before tax of PKR 4.64 million and PKR 3.29 million after tax. This performance was driven mainly by revenue from bank profit of PKR 10.46 million and administration expenses of PKR 5.09 million.

On a consolidated basis, the Modaraba achieve a net profit after tax of PKR 58.15 million driving earnings of Rs. 0.58 per share. The subsidiary net profit after tax was PKR 42.79 million driving earnings per share of Rs. 2.25.

### **3. Operational Highlights**

During the nine months ended March 31, 2025, BCEM remained committed to its core objective of promoting clean and renewable energy solutions. Key operational achievements during the period include:

#### **Strategic Acquisitions:**

- Burj Solar Energy (Pvt.) Limited (BSEL): BCEM successfully acquired a 100% stake in BSEL, which manages a 7 MW solar power plant on a rental basis. BSEL has a paid-up capital of PKR 190.38 million, divided into 19.04 million shares of PKR 10 each, with a shareholders' equity of PKR 230.99 million as of June 30, 2024.
- JPL Holding Pte. Limited (JPLH): BCEM acquired a 5.07% stake in JPLH, a company incorporated in Singapore. JPLH holds 100% ownership of Jhimpir Power (Pvt.) Limited (JPL), a Pakistan-based company engaged in electricity generation and supply under a long-term Energy Purchase Agreement with the Central Power Purchasing Agency (Guarantee) Limited. JPL operates a 49.735 MW wind energy project on a build, operate, and own (BOO) basis in Jhimpir, Sindh.

These acquisitions were completed through the issuance of BCEM's certificates, based on a swap ratio determined by EY Ford Rhodes, Chartered Accountants.

#### **New Project Development:**

BCEM continued to expand its renewable energy portfolio through strategic collaborations. In May 2024, Burj Solar, a subsidiary of BCEM, partnered with Power Cement Limited to develop and finance a 7.5 MW distributed wind power project. This project has now been officially recorded in the books of the Modaraba, further strengthening BCEM's commitment to sustainable energy solutions.

### **4. Future Outlook**

Looking ahead, the Modaraba is well-positioned to capitalize on the growing demand for clean energy solutions. Key focus areas for the upcoming period include:

- Capacity Expansion: Further development of renewable energy projects to enhance the Modaraba's portfolio.

- Technological Advancements: Adoption of innovative technologies to improve efficiency and reduce costs.
- Stakeholder Engagement: Strengthening relationships with stakeholders to ensure sustainable growth.

The Board of Directors remains confident in the Modaraba's ability to deliver long-term value to its certificate holders and contribute to Pakistan's clean energy transition.

## 5. Change of Chief Executive

Mr. Nabeel Anjum Malik is appointed as Chief Executive of Burj Modaraba Management Company (Pvt.) Limited in place of Mr. Aamer Nasim Chishti. The Board extends a warm welcome to Mr. Malik and expresses its sincere appreciation to Mr. Chishti for his valuable contributions and dedicated service to the Modaraba.

## 6. Acknowledgments

The Board wishes to place on record its sincere appreciation to the Registrar Modaraba, Securities & Exchange Commission of Pakistan and Pakistan Stock Exchange, Partners, Consultants and Underwriter for their cooperations, support and guidance during the floatation of the Modaraba.

The Board of Directors would also like to express its gratitude to the certificate holders, who have shown their confidence in the Burj Group and have participated in the initial public offering, management team, and employees for their continued support and dedication.

On behalf of the Board of Directors,

**Chairman**

Burj Modaraba Management Company (Pvt.) Limited

# ڈائریکٹر کا جائزہ

برائے ششماہی مدت اختتامی سال 31 مارچ 2025

برج کلین ائر جی مصادرہ

ختم سریٹیکسٹ ہولڈرز،

برج پیمنٹ مصادرہ کمپنی (پرائیویٹ) لمبید، جو کہ برج کلین ائر جی مصادرہ کی انتظامی کمپنی ہے، 31 مارچ 2025 کو اختتام پذیر ہونے والی نوماہی مدت کلینے برج کلین ائر جی مصادرہ ("مصطفارہ" یا "لی سی ای ایم" یا "BCEM") کے غیر آئٹھ شدہ عبوری مالیاتی گوشوارے اور بیشول اس کی مکمل ملکیت دیلی کمپنی کے مجموعی مالیاتی گوشوارے پیش کرتے ہوئے پر مسرت ہے۔

## 1. مختصر معلومات:

اکتوبر 2024 میں مصادرہ پاکستان اسٹاک ایچیپیٹ (PSX) کے گرو تھک انٹر پرائز مارکیٹ (GEM) بورڈ پر درج ہوا، جو پاکستان کا پہلا شریعت کے مطابق گرین ائر جی فنڈ بننے کا اہم سٹک میں ہے۔ جس کا ادا شدہ سرمایہ 1 ملین روپے ہے، اس کا اندر اپنائیار تو ناتی کے حل کو فروع دینے اور شریعت کے مطابق سرمایہ کاری کے موقع فراہم کرنے کے عزم کی عکاسی کرتا ہے۔ ابتدائی پیشش میں 10 ملین سریٹیکسٹ شاہل تھے، جنہیں مقررہ قیمت 10 روپے فی سریٹیکسٹ پر پیش کیا گیا، جس کے ذریعے کامیابی سے 100 ملین روپے اکٹھے کیے گئے۔

مصادرہ کا مشن پانیار تو ناتی کی مالی اعانت میں قیادت کرنا ہے، جو قابل تجدید تو ناتی کے مضمونوں کے لیے شریعت کے مطابق مالیاتی حل فراہم کرتا ہے۔ مصادرہ کی بنیادی توجہ شی، ہوائی، تو ناتی کے ذخیرے اور تو ناتی کی بچت کے حل میں سرمایہ کاری پر ہے، جس کا مقصد پاکستان کے رواقی بیدھن پر احتمال کرنا اور صارفین پر زیادہ تجھے کے اخراجات کے مالی بوجھ کو کم کرنا ہے۔ لی سی ای ایم کو معروف شرکافت داروں اور سرمایہ کاروں کی حمایت حاصل ہے، جن میں میران بینک لمبید، جیبی بینک لمبید، اور عارف جیبی کار پور پیش لمبید شاہل ہیں، جو پاکستان میں قابل تجدید تو ناتی کے فروع کے لیے پر عزم ہیں۔

## 2. مالی کارکردگی:

لی سی ای ایم نے دسمبر 2024 میں اپنے عملیاتی کام کا آغاز کیا۔ 31 مارچ 2025 کو ختم ہونے والی مدت کے دوران، مصادرہ نے قبائل ایکس 4.64 ملین روپے اور بعد از ایکس 3.29 ملین روپے کا خاص منافع حاصل کیا۔ اس کارکردگی کی بنیادی وجہ بینک منافع سے حاصل ہونے والی 10.46 ملین روپے کی آمدنی تھی، جبکہ انتظامی اخراجات 5.09 ملین روپے رہے۔

مشترکہ بنیادوں پر، مصادرہ نے 58.15 ملین روپے کا بعد از ایکس خاص منافع حاصل کیا، جس کے نتیجے میں فی حصہ آمدنی 0.58 روپے رہی۔ ذیلی کمپنی کا بعد از ایکس خاص منافع 42.79 ملین روپے رہا، جس کے نتیجے میں فی حصہ آمدنی 2.25 روپے رہی۔

### 3. عملی جھلکیاں:

31 مارچ 2025ء کو ختم ہونے والی نومالی مدت کے دوران، بی ای ایم نے شفاف اور قابل تجدید توatalی کے فرعی کے اپنے بنیادی مقصد سے وابستگی برقرار رکھی۔ اس مدت کے دوران اہم عملی کامیابیاں درج ذیل ہیں:

### حکمت عملی کے تحت حصول:

- برج سور ائری (پرائیویٹ) لمبیڈ (بی ایس ای ایل): بی ای ایم نے بی ایس ای ایل میں کامیابی کے ساتھ 100 فینصہ حصہ حاصل کر لیے، جو کہ کراچی کی بنیاد پر 7 میگاوات کے سور پاور پلانٹ کا انتظام کرتا ہے۔ بی ایس ای ایل کا ادا شدہ سرمایہ 190.38 ملین روپے ہے، جو کہ 10 روپے بایت کے 19.04 ملین حصہ پر مشتمل ہے، جبکہ 30 جون 2024 تک اس کی مجموعی حصہ یانٹگان کی اکیویٹ 230.99 ملین روپے تھی۔
- بے پی ایل ہولوٹک پی ای ای. لمبیڈ (بے پی ایل ایچ): بی ای ایم نے بے پی ایل ایچ میں 5.07 فینصہ حصہ حاصل کی، جو کہ سگاپور میں رجسٹر کیکنی ہے۔ بے پی ایل ایچ، جیپیر پادر (پرائیویٹ) لمبیڈ (بے پی ایل) کی 100 فینصہ ملکیت رکھتی ہے، جو کہ پاکستان میں بھلکی کی پیڈ اوار اور سپاکنی کے شبے میں سرگرم ہے۔ یہ کیکنی سینفرل پادر پر چیزیں ایجنٹی (کارٹنی) لمبیڈ کے ساتھ طویل مدتی انریجی پر چیزیں ایگر ہنسٹ کے تحت کام کر رہی ہے۔ بے پی ایل جیپیر، سندھ میں 49.735 میگاوات کا ونڈ انریجی منصوبہ تعمیر، چلانے اور ملکیت رکھنے (BOO) کی بنیاد پر چلا رہی ہے۔

یہ حصول بی ای ایم کے سریٹیکٹیشن کے اجر کے ذریعے مکمل کیے گئے، جو ای وائی فورڈ رہوڈز (EY Ford Rhodes)، چارٹرڈ اکاؤنٹنٹس کے طور پر تابعہ تباہ کی بنیاد پر کیے گئے۔

### منصوبوں کی ترقی:

بی ای ایم نے حکمت عملی کے تحت شرکت داری کے ذریعے اپنے قابل تجدید توatalی کے پورٹ فولیو کو وسعت دینا جاری رکھا۔ میں 2024 میں بی ای ایم کی ذیلی کیکنی برج سور نے پاور سینٹ لمبیڈ کے ساتھ مل کر 7.5 میگاوات کے تقسیم شدہ ونڈ پاور منصوبے کی ترقی اور مالی معاونت کے ذیلی شرکت داری کی۔ یہ منصوبہ اب باشاط طور پر مضاربہ کی کتابوں میں درج کر دیا گیا ہے، جو پاسیدار توatalی کے حل کے لیے بی ای ایم کے عزم کو مزید مطمئن کرتا ہے۔

### 4. مستقبل کا جائزہ:

آئندہ مدت کے لیے بڑھتے ہوئے، مضاربہ صاف توatalی کے بڑھتے ہوئے مطالبے سے فائدہ اٹھانے کے لیے بہترین پوزیشن میں ہے۔ آئندہ مدت کے لیے اہم توجہ کے شبے درج ذیل ہیں:

- صلاحیت میں توسعہ: مضاربہ کے پورٹ فویو کو وسعت دینے کے لیے مزید قابل تجدید توافقی کے منصوبوں کی ترقی۔
- علیحدگی کو بہتر بنانے اور لگاتر میں کمی کے لیے جدید ہائکالوچر کو اپنانا۔
- اسیک ہولدرز سے روابط: پانیدار ترقی کو تینی بنانے کے لیے اسیک ہولدرز کے ساتھ تعلقات کو مضبوط بنانا۔

بورڈ آف ڈائریکٹرز کو تینی ہے کہ مضاربہ اپنے سرٹیکیٹ ہولدرز کے لیے طویل مدتی قدر فراہم کرنے اور پاکستان کے کلین انرجی ترانزیشن میں مؤثر کردار ادا کرنے کی صلاحیت رکھتا ہے۔

5. چیف ایگزیکیوٹو کی تبدیلی: جناب عامر نیم چشتی کی جگہ جناب نیل احمد ملک کو برج مضاربہ میجنت کپنی (پرائیویٹ) لمبڈ کا نیا چیف ایگزیکیوٹو مقرر کیا گیا ہے۔ بورڈ ہنپاٹ ملک کو خوش آمدید کرتا ہے اور جناب چشتی کی تینی خدمات اور خاصانہ تعاون پر ان کا دل سے شکریہ ادا کرتا ہے۔

6. اطہار تغیر: بورڈ رجسٹرار مضاربہ، سیکورٹیز ایڈ اسٹھن کیش آف پاکستان، پاکستان اسٹاک ایچیپن، شرائکت داروں، مشیروں، اور انڈر رائٹر کا تجہہ دل سے شکریہ ادا کرتا ہے، جنہوں نے مضاربہ کے اجرا کے دران بھرپور تعاون، حمایت، اور رہنمائی فراہم کی۔

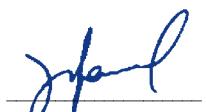

مزید برآں، بورڈ آف ڈائریکٹرز ان تمام سرٹیکیٹ ہولدرز کا بھی شکریہ ادا کرتا ہے جنہوں نے برج گروپ پر اعتماد کا اطہار کیا اور ابتدائی عوامی یونیکیش میں حصہ لیا۔ اسی طرح، انتظامی ٹیم اور ملازمین کی مسلسل محنت اور واہگی کو بھی سر ابا جاتا ہے۔

## NOTES TO THE UN-CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM DECEMBER 2, 2024 TO MARCH 31, 2025

### 1. STATUS AND NATURE OF BUSINESS

- 1.1 Burj Clean Energy Modaraba (the Modaraba) is a multipurpose and perpetual modaraba formed under the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 and the Rules framed thereunder and is managed by Burj Modaraba Management Company (Private) Limited (the Modaraba Management Company). The Modaraba Management Company is incorporated in Pakistan under the Companies Ordinance, 1984 (now the Companies Act, 2017) and is registered with the Registrar of Modaraba Companies and Modaraba under the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980. The Modaraba is formally listed on October 10, 2024 on Growth Enterprise Market Board (GEM Board) of Pakistan Stock Exchange Limited. After receiving the certificate of minimum subscription, the Modaraba commenced its operations with effect from December 2, 2024. The Registered Office is situated at Office 202, 11-C, Al Murtaza Commercial Lane 2, DHA Phase 8, Karachi, Pakistan.
- 1.2 The Modaraba is a multi-purpose and perpetual entity primarily focused on developing and operating distributed renewable energy projects in Pakistan. Supplying energy services to commercial, industrial, utility, government, and residential clients through Power Purchase Agreements. Its activities include leasing renewable energy equipment, investing in clean energy projects, and providing energy storage solutions. Additionally, the Modaraba engages in trading alternative energy products, conducting research and development for sustainable technologies, and offering consultancy services on energy efficiency. The Modaraba also aims to facilitate the trading of carbon credits and international renewable energy certificates (I-REC) while exploring new business opportunities to strengthen Pakistan's renewable energy sector.

### 2. BASIS OF PREPARATION OF CONDENSED INTERIM FINANCIAL STATEMENTS

#### 2.1 Statement of compliance with the applicable accounting and reporting standards

These unconsolidated condensed interim financial statements of the Modaraba for the period from December 2, 2024 to March 31, 2025 have been prepared in accordance with the requirements of the International Accounting Standard 34 - "Interim Financial Reporting" and provisions of and directives issued under the Modaraba Companies and Modarabas (Floatation and Control) Ordinance, 1980, the Modaraba Companies and Modaraba Rules, 1981 and Prudential Regulations for Modarabas. The accounting and reporting standards as applicable in Pakistan comprise of the following:

- (a) International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) and such other reporting standards [including Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan (ICAP)] as notified by the Securities and Exchange Commission of Pakistan (SECP) under section 225(1) of the Companies Act, 2017 (here-in-after collectively referred to as the 'applicable financial reporting standards'); and

## NOTES TO THE UN-CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM DECEMBER 2, 2024 TO MARCH 31, 2025

- (b) The legal provisions of the (i) Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980, (ii) Modaraba Companies and Modaraba Rules, 1981, (iii) Prudential Regulations for Modarabas as well as the notifications, circulars or directives issued thereunder by the SECP from time to time (here-in-after collectively referred to as the 'applicable laws and regulations').

Wherever the requirements of the applicable financial reporting standards differ from the requirements of the applicable laws and regulations, the latter shall prevail.

These unconsolidated condensed interim financial statements comprise of unconsolidated condensed interim statement of financial position as at March 31, 2025 and the related unconsolidated condensed interim statement of profit or loss account, unconsolidated condensed interim statement of comprehensive income, unconsolidated condensed interim statement of cash flows, unconsolidated condensed interim statement of changes in equity and notes thereto, for the period from December 2, 2024 to March 31, 2025.

### 2.2 Basis of measurement

These unconsolidated condensed interim financial statements have been prepared under the historical cost convention as modified by remeasurement of certain financial assets and financial liabilities which are measured at fair value.

### 2.3 Functional and presentation currency

Items included in these unconsolidated condensed interim financial statements are measured using the currency of the primary economic environment in which the Modaraba operates. These unconsolidated condensed interim financial statements are presented in Pak Rupees which is the Modaraba's functional and presentation currency.

### 2.4 Use of estimates and judgements

The preparation of unconsolidated condensed interim financial statements in conformity with approved accounting standards, as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

## NOTES TO THE UN-CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM DECEMBER 2, 2024 TO MARCH 31, 2025

### 2.5 New accounting pronouncements

#### 2.5.1 Standards, interpretations and amendments to the published accounting and reporting standards that are effective in the current period:

There are certain amendments to the standards and new interpretations that are mandatory for the Modaraba's accounting periods beginning on July 1, 2022 but are considered not to be relevant or do not have any significant effect on the Company's operations and are, therefore, not detailed in these unconsolidated condensed interim financial statements.

#### 2.5.2 Standards, interpretations and amendments to the published accounting and reporting standards that are not yet effective:

The following amendments with respect to the accounting and reporting standards would be effective from the dates mentioned below against the respective amendments:

Amendments	Effective date (accounting periods beginning on or after)
- IAS 1 - 'Presentation of financial statements' (amendments)	January 1, 2023 & January 1, 2024
- IAS 8 - 'Accounting policies, changes in accounting estimates and errors' (amendments)	January 1, 2023
- IFRS 16 - 'Leases' (amendments)	January 1, 2024
- IAS 12 - 'Income taxes' (amendments)	January 1, 2023

### 3. MATERIAL ACCOUNTING POLICIES INFORMATION

The material accounting policies adopted in the preparation of these unconsolidated condensed interim financial statements are set out below. The accounting policies set out below have been applied consistently to all periods presented in these unconsolidated condensed interim financial statements.

#### 3.1 Property, plant and equipment

##### 3.1.1 Operating assets

Operating assets, are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the asset.

## NOTES TO THE UN-CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM DECEMBER 2, 2024 TO MARCH 31, 2025

Disposal of assets is recognized when significant risks and rewards incidental to ownership have been transferred to the buyer. Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognized in unconsolidated condensed interim of profit and loss.

Major components of an item of property, plant and equipment having different useful lives are accounted for as separate items of property, plant and equipment.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Modaraba and the cost of the item can be measured reliably. All other repairs and maintenance are recognized in unconsolidated condensed interim statement of profit or loss and unconsolidated condensed interim statement of comprehensive income as and when incurred. Major renewals and improvements are capitalised.

Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows.

Maintenance and repairs are charged to income in the unconsolidated condensed interim statement of profit or loss and unconsolidated condensed interim statement of comprehensive income as and when incurred. Major renewals and improvements are capitalised.

Gains and losses on disposal are recognized in the unconsolidated condensed interim statement of profit or loss and unconsolidated condensed interim statement of comprehensive income in the period in which these arise.

### **3.1.2 Capital work-in-progress**

These are stated at cost less accumulated impairment losses, if any. All expenditures incurred during installation and construction period, connected with specific assets, are carried in capital work-in-progress. These are transferred to specific assets as and when these assets are available for use.

### **3.2 Trade debts, contract assets and other receivables**

Trade debts and other receivables are recognized initially at the amount of consideration that is unconditional, unless they contain significant financing component in which case such are recognized at fair value. The Modaraba holds trade debts with the objective of collecting the contractual cash flows and, therefore, measures the trade debts subsequently at amortised cost using the effective interest method.

A contract asset is recognized for the Modaraba's right to consideration in exchange for goods or services that it has transferred to a customer. If the Modaraba performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, the Modaraba presents the amount as a contract asset, excluding any amounts presented as a receivable.

## NOTES TO THE UN-CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM DECEMBER 2, 2024 TO MARCH 31, 2025

### 3.3 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, deposits maintained with banks and short-term highly liquid investments with original maturity of three months or less from the date of acquisition. Running finance facilities availed by the Modaraba, if any, which are repayable on demand and form an integral part of the Modaraba's cash management cycle are included as a part of cash and cash equivalents for the purpose of the unconsolidated condensed interim statement of cash flows.

### 3.4 Modaraba certificates

Modaraba certificates are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new certificates or options are shown in equity as a deduction, net of tax, from the proceeds.

### 3.5 Investment in subsidiaries and associates

#### 3.5.1 In subsidiary entities

Subsidiaries are entities controlled by the Modaraba. The Modaraba controls an entity when it is exposed to, or has right to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Investment in subsidiary is initially recognized at cost, which is the fair value of the consideration paid on acquisition of the subsidiary. At subsequent reporting date, recoverable amounts are estimated to determine the extent of impairment loss, if any, and carrying amount of investment is adjusted accordingly. Impairment losses are recognized as an expense in unconsolidated condensed interim statement of profit or loss. Where impairment loss subsequently reverses, the carrying amount of investment is increased to its revised recoverable amount but limited to the extent of initial cost of investment. Reversal of impairment losses are recognized in the unconsolidated condensed interim statement of profit or loss.

The profits and losses of subsidiaries are carried forward in their financial statements and not dealt within these unconsolidated condensed interim financial statements except to the extent of dividend declared by the subsidiaries which are recognized in other income. Gains and losses on disposal of investment is included in other income, if any. When the disposal of investment in subsidiary resulted in loss of control such that it becomes an associate, the retained investment is carried at cost.

#### 3.5.2 In associate entities

Associates are entities in which the Modaraba has significant influence but not control over the financial and operating policies. Investments in associates are initially recognized at cost. At subsequent reporting date, the recoverable amounts are estimated to determine the extent of impairment losses, if any, and carrying amounts of investments are adjusted accordingly. Impairment losses are recognized as expense in the unconsolidated condensed interim statement of profit or loss. Where impairment losses subsequently reverse, the carrying amounts of the investments are increased to the revised recoverable amounts but limited to the extent of initial cost of investments. A reversal of impairment loss is recognized in the unconsolidated condensed interim statement of profit or loss.

## NOTES TO THE UN-CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM DECEMBER 2, 2024 TO MARCH 31, 2025

The profits and losses of associates are carried forward in their financial statements and not dealt within these financial statements except to the extent of dividend declared by the associates which are recognized in other income. Gains and losses on disposal of investment is included in other income.

### 3.6 Borrowings

Borrowings are recognized initially at fair value net of attributable transaction costs incurred and are subsequently stated at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognized in the unconsolidated condensed interim statement of profit or loss and unconsolidated condensed interim statement of comprehensive income over the period of the borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the Modaraba has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

### 3.7 Staff retirement benefit

The Modaraba operates an un-approved / unfunded defined benefit gratuity scheme for all permanent employees who have completed the minimum qualifying period of service of one year. The Modaraba's net obligation in respect of unfunded gratuity scheme is calculated by estimating the amount of future benefits the employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. The calculation is performed annually by a qualified actuary using the Projected Unit Credit method. Remeasurement gains / losses are recognized in unconsolidated condensed interim statement of comprehensive income.

### 3.8 Trade and other payables

These are recognized initially at fair value and subsequently measured at amortised cost using the effective interest method. Exchange gains and losses arising in respect of liabilities denominated in foreign currencies are adjusted against the carrying amounts of the respective liabilities.

### 3.9 Provisions

Provisions are recognised when the Modaraba has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are not recognised for future operating losses. Provisions are reviewed at each reporting date and adjusted to reflect current best estimate.

### 3.10 Taxation

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

## NOTES TO THE UN-CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM DECEMBER 2, 2024 TO MARCH 31, 2025

### 3.11 Financial instruments

#### 3.11.1 Financial assets

The Modaraba classifies its financial assets in the following measurement categories in accordance with IFRS 9 based on the Modaraba's business model for managing the financial assets and the contractual terms of the cash flows:

##### (i) At amortised cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets, impairment losses, foreign exchange gains and losses, and gain or loss arising on derecognition are recognised directly in unconsolidated condensed interim statement of profit or loss.

##### (ii) Fair value through other comprehensive income

Financial assets at fair value through other comprehensive income are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### (iii) Fair value through profit or loss

Assets that do not meet the criteria for amortised cost or fair value through unconsolidated condensed interim statement of comprehensive income or assets that are designated at fair value through unconsolidated condensed interim statement of profit or loss using fair value option, are measured at fair value through unconsolidated condensed interim statement of profit or loss. A gain or loss on debt investment that is subsequently measured at fair value through unconsolidated condensed interim statement of profit or loss is recognised in profit or loss in the period in which it arises.

Equity instrument financial assets are measured at fair value at and subsequent to initial recognition. Changes in fair value of these financial assets are normally recognised in unconsolidated condensed interim statement of profit or loss. Dividends from such investments continue to be recognised in unconsolidated condensed interim statement of profit or loss when the Modaraba's right to receive payment is established. Where an election is made to present fair value gains and losses on equity instruments in unconsolidated condensed interim statement of comprehensive income there is no subsequent reclassification of fair value gains and losses to unconsolidated condensed interim statement of profit or loss following the derecognition of the investment.

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Modaraba commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Modaraba has transferred substantially all the risks and rewards of ownership. At initial recognition, the Modaraba measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss (FVPL), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in the unconsolidated condensed interim statement of profit or loss.

## NOTES TO THE UN-CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM DECEMBER 2, 2024 TO MARCH 31, 2025

### 3.11.2 Financial liabilities

Financial liabilities are recognised at the time when the Modaraba becomes a party to the contractual provisions of the instrument. Financial liabilities at amortised cost are initially measured at fair value less transaction costs. Financial liabilities at fair value through unconsolidated condensed interim statement of profit or loss are initially recognised at fair value and transaction costs are expensed on unconsolidated condensed interim statement of profit or loss. Financial liabilities, other than those at fair value through unconsolidated condensed interim statement of profit or loss, are subsequently measured at amortised cost using the effective interest method.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Where an existing financial liability is replaced by another from the same lender or substantially different terms, or the terms of an existing liability are substantially modified, such an exchange and modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognised in unconsolidated condensed interim statement of profit or loss.

### 3.11.3 Offsetting of financial assets and financial liabilities

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle either on a net basis, or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Modaraba or the counterparty.

## 3.12 Impairment

### 3.12.1 Impairment of non-financial assets

The carrying amounts of non-financial assets are assessed at each reporting date to ascertain whether there is any indication of impairment. If such an indication exists, the asset's recoverable amount is estimated to determine the extent of impairment loss, if any. An impairment loss is recognised as an expense in the unconsolidated condensed interim statement of profit or loss and unconsolidated condensed interim statement of comprehensive income. The recoverable amount is the higher of an asset's fair value less cost of disposal and value-in-use. Value-in-use is ascertained through discounting of the estimated future cash flows using a discount rate that reflects current market assessments of the time value of money and the risk specific to the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

An impairment loss is reversed if there is a change in estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognised.

### 3.12.2 Impairment of financial assets

The Modaraba recognises a loss allowance for expected credit losses in respect of financial assets measured at amortised cost.

## NOTES TO THE UN-CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM DECEMBER 2, 2024 TO MARCH 31, 2025

For financial assets other than trade debts, the Modaraba recognises lifetime ECL when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial assets has not increased significantly since initial recognition, the Modaraba measures the loss allowance for that financial asset at an amount equal to 12-month ECL under IFRS 9.

The Modaraba measures expected credit losses on financial assets in a way that reflects an unbiased and probability-weighted amount, time value of money and reasonable and supportable information at the reporting date about the past events, current conditions and forecast of future economic conditions. The Modaraba recognises in unconsolidated condensed interim statement of profit or loss, as an impairment loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date.

The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial assets.

### 3.13 Contingencies

The assessment of contingencies inherently involves the exercise of significant judgement as the outcome of future events cannot be predicted with certainty. The Modaraba, based on availability of latest information, estimates the value of contingent liabilities, which may differ on the occurrence / non-occurrence of uncertain future event(s).

### 3.14 Revenue recognition

Revenue from sales of goods or services is recognized when the goods have been delivered and services are performed i.e. when the Modaraba has satisfied its performance obligation under the contract.

### 3.15 Other income

Return on bank deposits and short-term investments are recognized on a time proportion basis on the principal amount outstanding and at the rate applicable.

### 3.16 Borrowing costs

Borrowing costs are recognised as an expense in the period in which these are incurred, except, where such costs are directly attributable to the acquisition, construction or production of a qualifying asset in which case such costs are capitalised as part of the cost of that asset. Borrowing costs include exchange differences arising from foreign currency borrowings to the extent these are regarded as an adjustment to borrowing costs.

### 3.17 Foreign currency transactions and translation

Transactions in foreign currencies are translated into Pak Rupees at the rates of exchange prevailing on the date of transactions. Monetary assets and liabilities denominated in foreign currencies are translated into Pak Rupee equivalents using the exchange rates at the reporting date. Non-monetary assets and liabilities are stated using exchange rates that existed when the values were determined. Exchange differences on foreign currency transactions and translations are included in the unconsolidated condensed interim statement of profit or loss and unconsolidated condensed interim statement of comprehensive income.

## NOTES TO THE UN-CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM DECEMBER 2, 2024 TO MARCH 31, 2025

### 3.18 Transactions with related parties

Sales, purchases, services and other transactions with related parties are carried out on terms and conditions agreed between the parties.

	163,656	526,214
20.1	The Modaraba Management Company is entitled to a remuneration for services rendered to the Modaraba under the provisions of the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 up to a maximum of 10% per annum of the net annual profits of the Modaraba.	

## NOTES TO THE UN-CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED)

FOR THE PERIOD FROM DECEMBER 2, 2024 TO MARCH 31, 2025

Note	For the quarter ended March 31, 2025		For the period from December 2, 2024 to March 31, 2025
	Rupees	Rupees	Rupees
21.1	418,599	1,345,950	-
	<u>418,599</u>	<u>1,345,950</u>	<u>-</u>

21.1 As of the reporting date there were no material temporary differences, therefore, no deferred tax has been recognized in these financial statements.

## 22. FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT

The Board of Directors of the Modaraba Management Company has overall responsibility for the establishment and oversight of the Modaraba's risk management framework. The Modaraba has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

### 22.1 Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

A financial asset is regarded as credit impaired as and when it falls under the definition of a 'defaulted' financial asset. For the Modaraba's internal credit management purposes, a financial asset is considered as defaulted when it is past due for 90 days or more.

The Modaraba writes off a defaulted financial asset when there remains no reasonable probability of recovering the carrying amount of the asset through available means.

#### (i) Exposure to credit risk

The carrying amount of financial assets represent the maximum credit exposure. Credit risk of the Modaraba arises principally from the trade debts, deposits, other receivables bank balances and instruments in hand, if any. The maximum exposure to credit risk at the reporting date was:

## NOTES TO THE UN-CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED)

FOR THE PERIOD FROM DECEMBER 2, 2024 TO MARCH 31, 2025

	<b>March 31, 2025</b>	Rupees
	<b>Carrying amount</b>	<b>Maximum exposure</b>
Advances, deposits, prepayments and other receivables	5,522,336	5,522,336
Due from a related party	180,000	180,000
Cash and bank balances	<u>172,184,460</u>	<u>172,184,460</u>
	<u>177,886,796</u>	<u>177,886,796</u>

### Bank balances

The Modaraba limits its exposure to credit risk by maintaining bank accounts only with counterparties that have a good credit rating. Given these high credit ratings, management does not expect any counterparty to fail to meet its obligations. There are no indicators of impairment as the counter parties have reasonably high credit ratings as mentioned below:

Name of bank / financial institutions	Rating agency	Rating	
		Short-term	Long-term
Bank Islami Pakistan Limited	PACRA	A1	AA-
Meezan Bank Limited	VIS	A1+	AAA

### 22.2 Liquidity risk

Liquidity risk is the risk that the Modaraba will not be able to meet its financial obligations as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of adequate funds through committed credit facilities. The Modaraba finances its operations through equity and borrowings with a view to maintaining an appropriate mix between various sources of finance to minimize risk.

The following are the contractual maturities of financial liabilities, including estimated interest payments:

March 31, 2025	March 31, 2025				
	Contractual cashflows	Within 1 year	Between 1 to 5 years	Later than 5 years	Total
	Rupees				
Trade and other payables	4,514,701	4,514,701	-	-	4,514,701
Lease liabilities	<u>5,013,666</u>	<u>2,187,500</u>	<u>2,826,166</u>	<u>-</u>	<u>5,013,666</u>
	<u>9,528,367</u>	<u>6,702,201</u>	<u>-</u>	<u>-</u>	<u>9,528,367</u>

## NOTES TO THE UN-CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM DECEMBER 2, 2024 TO MARCH 31, 2025

### 22.3 Market risk

Market risk is the risk that the value of the financial instrument may fluctuate as a result of changes in market interest rates or the market price due to change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market. The Modaraba incurs financial liabilities to manage its market risk. All such activities are carried out with the approval of the Board.

Market risk management is further analysed in three categories:

- (a) Interest rate risk management
- (b) Currency risk management
- (c) Price risk management

#### a) Interest rate risk management

The interest rate risk is the risk that the fair value of the financial instrument will fluctuate due to the changes in the market interest rates. Sensitivity to the interest rate risk arises from mismatch of financial assets and liabilities that mature in a given period.

#### Profile

At the reporting date the interest rate profile of the Modaraba's interest-bearing financial instruments was as follows:

	Carrying amount	Interest rate (per annum)
	March 31, 2025	
	Rupees	%
<b>Variable rate instruments at carrying amount</b>		
<b>Financial assets</b>		
Bank balances - local currency	172,184,460	7% - 10%

#### Sensitivity analysis

The Modaraba does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate will not affect the carrying amount of any financial instrument.

The following information summarizes the estimated effects of 1% hypothetical increases and decreases in interest rates on cash flows from financial assets and financial liabilities that are subject to interest rate risk. It is assumed that the changes occur immediately and uniformly to each category of instrument containing interest rate risk. The hypothetical changes in market rates do not reflect what could be deemed best or worst case scenarios. Variations in market interest rates could produce significant changes at the time of early repayments. For these reasons, actual results might differ from those reflected in the details specified below. The analysis assumes that all other variables remain constant.

## NOTES TO THE UN-CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM DECEMBER 2, 2024 TO MARCH 31, 2025

March 31,  
2025

### 23. FINANCIAL INSTRUMENTS BY CATEGORY

Financial assets as per statement of financial position:

- At amortized cost

Deposits and other receivables	5,522,336
Cash and bank balances	172,184,460
	<hr/>
	177,706,796

Financial liabilities as per statement of financial position:

- At amortized cost

Trade and other payables	4,514,701
	<hr/>
	4,514,701

### 24. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

As at March 31, 2025, the fair values of all assets and liabilities reflected in the unconsolidated condensed interim financial statements approximate their carrying amounts.

### 25. CAPITAL RISK MANAGEMENT

The Modaraba's objective when managing capital, is to safeguard the Modaraba's ability to provide return to shareholders and benefits for other stakeholders, and to maintain a strong capital base to support the sustained development of its business. The Board regularly monitors the capital structure of the Modaraba by ensuring that appropriate capital is injected and manages its capital structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. There were no changes to the Modaraba's approach to capital management during the period and the Modaraba is not subject to externally imposed capital requirements.

The Modaraba manages its capital structure by making adjustments to it in the light of changes in economic conditions. To manage its capital structure, the Modaraba may issue shares or use dividend policy to influence the retention rate.

The management closely monitors the return on capital along with the level of distribution to certificate holders. Following is the quantitative analysis of what the Modaraba managers as capital:

## NOTES TO THE UN-CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM DECEMBER 2, 2024 TO MARCH 31, 2025

	March 31, 2025

## NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED)

FOR THE PERIOD FROM JULY 1, 2024 TO MARCH 31, 2025

### 1. STATUS AND NATURE OF BUSINESS

- 1.1 Burj Clean Energy Modaraba (the Modaraba) is a multipurpose and perpetual modaraba formed under the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 and the Rules framed thereunder and is managed by Burj Modaraba Management Company (Private) Limited (the Modaraba Management Company). The Modaraba Management Company is incorporated in Pakistan under the Companies Ordinance, 1984 (now the Companies Act, 2017) and is registered with the Registrar of Modaraba Companies and Modaraba under the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980. The Modaraba is formally listed on October 10, 2024 on Growth Enterprise Market Board (GEM Board) of Pakistan Stock Exchange Limited. The Registered Office is situated at Office 202, 11-C, Al Murtaza Commercial Lane 2, DHA Phase 8, Karachi, Pakistan.
- 1.2 The Modaraba is a multi-purpose and perpetual entity primarily focused on developing and operating distributed renewable energy projects in Pakistan. Supplying energy services to commercial, industrial, utility, government, and residential clients through Power Purchase Agreements. Its activities include leasing renewable energy equipment, investing in clean energy projects, and providing energy storage solutions. Additionally, the Modaraba engages in trading alternative energy products, conducting research and development for sustainable technologies, and offering consultancy services on energy efficiency. The Modaraba also aims to facilitate the trading of carbon credits and international renewable energy certificates (I-REC) while exploring new business opportunities to strengthen Pakistan's renewable energy sector.
- 1.3 The Group consists of Burj Clean Energy Modaraba (the "Holding Company or Modaraba"), Burj Solar Energy (Private) Limited ("the Subsidiary") and JPL Holding PTE LTD - Singapore (the Associates").

#### 1.4 Subsidiary

Burj Solar Energy (Private) Limited ("the Subsidiary") was incorporated in Pakistan on July 08, 2015 as a private limited company under the Repealed Companies' Ordinance 1984 (now Companies Act, 2017). The principal activities of the Subsidiary are to design, finance, construct, commission and operate renewable energy systems for generation and supply of electricity to commercial, industrial, institutional and residential clients under long term power purchase and equipment rental agreements. The Subsidiary commenced its commercial operations in August 2022.

The registered office of the Subsidiary is situated at 202, 11-C, Al -Murtaza Commercial Lane 2, DHA Phase 8, Karachi, Pakistan. The solar power plant has been setup at 'Nooriabad Industrial Area, Kalo Kohar, District Jamshoro, Sindh.

## **NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED)** FOR THE PERIOD FROM JULY 1, 2024 TO MARCH 31, 2025

### **2. BASIS OF PREPARATION OF CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS**

#### **2.1 Statement of compliance with the applicable accounting and reporting standards**

These consolidated condensed interim financial statements of the Modaraba for the period from July 1, 2024 to March 31, 2025 has been prepared in accordance with the requirements of the International Accounting Standard 34 - "Interim Financial Reporting" and provisions of and directives issued under the Modaraba Companies and Modarabas (Floatation and Control) Ordinance, 1980, the Modaraba Companies and Modaraba Rules, 1981 and Prudential Regulations for Modarabas. The accounting and reporting standards as applicable in Pakistan comprise of the following:

- (a) International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) and such other reporting standards [including Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan (ICAP)] as notified by the Securities and Exchange Commission of Pakistan (SECP) under section 225(1) of the Companies Act, 2017 (here-in-after collectively referred to as the 'applicable financial reporting standards'); and
- (b) The legal provisions of the (i) Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980, (ii) Modaraba Companies and Modaraba Rules, 1981, (iii) Prudential Regulations for Modarabas as well as the notifications, circulars or directives issued thereunder by the SECP from time to time (here-in-after collectively referred to as the 'applicable laws and regulations').

Wherever the requirements of the applicable financial reporting standards differ from the requirements of the applicable laws and regulations, the latter shall prevail.

#### **2.2 Basis of measurement**

These consolidated condensed interim financial statements have been prepared under the historical cost convention as modified by remeasurement of certain financial assets and financial liabilities which are measured at fair value.

#### **2.3 Functional and presentation currency**

Items included in these consolidated condensed interim financial statements are measured using the currency of the primary economic environment in which the Modaraba operates. These consolidated condensed interim financial statements are presented in Pak Rupees which is the Modaraba's functional and presentation currency.

## NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM JULY 1, 2024 TO MARCH 31, 2025

### 2.4 Critical accounting estimates, assumptions and judgments

The preparation of the consolidated condensed interim financial statements in conformity with accounting and reporting standards as applicable in Pakistan requires the use of certain critical accounting estimates. It also requires the management to exercise its judgement in the process of applying the Modaraba's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 3.

Estimates, assumptions and judgments are continually evaluated and are based on historical experience and other factors, including reasonable expectations of future events that are believed to be reasonable under the circumstances. The Modaraba makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. Revisions to accounting estimates are recognized prospectively commencing from the period of revision.

### 2.5 Initial application of a standard, amendment or an interpretation to an existing standard

#### 2.5.1 Standards, interpretations and amendments to the published accounting and reporting standards that are effective in the current period:

There are certain amendments to the standards and new interpretations that are mandatory for the Modaraba's accounting periods beginning on July 1, 2022 but are considered not to be relevant or do not have any significant effect on the Modaraba's operations and are, therefore, not detailed in these consolidated condensed interim financial statements.

#### 2.5.2 Standards, interpretations and amendments to the published accounting and reporting standards that are not yet effective:

The following amendments with respect to the accounting and reporting standards would be effective from the dates mentioned below against the respective amendments:

Amendments	Effective date (accounting periods beginning on or after)
- IAS 1 - 'Presentation of financial statements' (amendments)	January 1, 2023 & January 1, 2024
- IAS 8 - 'Accounting policies, changes in accounting estimates and errors' (amendments)	January 1, 2023
- IFRS 16 - 'Leases' (amendments)	January 1, 2024
- IAS 12 - 'Income taxes' (amendments)	January 1, 2023

## NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED)

FOR THE PERIOD FROM JULY 1, 2024 TO MARCH 31, 2025

### 3. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies used in the preparation of these consolidated condensed interim financial statements are set out below:

#### 3.1 Basis of consolidation

##### Subsidiaries

Subsidiaries are all entities over which the Group has the power to govern the financial and operating policies generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity. Further, the Group also considers whether:

- it has power to direct the relevant activities of the subsidiaries;
- is exposed to variable returns from the subsidiaries; and
- decision making power allows the Group to affect its variable returns from the subsidiaries

All business combinations are accounted for using the acquisition method. The cost of an acquisition is measured at the fair value of the assets given and liabilities incurred or assumed at the date of exchange plus costs directly attributable to the acquisition. Identifiable assets acquired and liabilities assumed in a business combination (including contingent liabilities) are measured initially at their fair values at the acquisition date, irrespective of the extent of any non-controlling interest. The excess of the cost of acquisition over the fair values of the holding company's share of identifiable net assets acquired is recorded as goodwill.

The consolidated condensed interim financial statements of the Modaraba include the financial statements of the Holding Company or Modaraba and its Subsidiaries. The financial statements of the subsidiaries are prepared for the same reporting period as the holding company, using consistent accounting policies.

The assets and liabilities of the subsidiaries have been consolidated on a line-by-line basis and the carrying value of investment held by the holding company is eliminated against the subsidiaries' share capital and pre-acquisition reserves in the consolidated condensed interim financial statements. Material intra-group balances and transactions are eliminated, if any.

A change in the ownership interest of the subsidiaries, without a change of control, is accounted for as an equity transaction.

The subsidiary companies are consolidated from the date on which more than 50% voting rights are transferred to the holding company or power to govern the financial and operating policies of the subsidiaries are established and are excluded from consolidation from the date of disposal or cessation of control.

##### Associates

Associates are all entities over which the Group has significant influence but not control. Investment in associates are accounted for using equity method, whereby the investment is initially recorded at cost and adjusted thereafter for the post acquisition change in the Group's share of net assets of the associates.

## NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM JULY 1, 2024 TO MARCH 31, 2025

### 3.2 Property, plant and equipment

#### Operating assets

Operating assets, are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the asset.

Disposal of assets is recognized when significant risks and rewards incidental to ownership have been transferred to the buyer. Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognized in profit and loss.

Major components of an item of property, plant and equipment having different useful lives are accounted for as separate items of property, plant and equipment.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Modaraba and the cost of the item can be measured reliably. All other repairs and maintenance are recognized in consolidated condensed interim statement of profit or loss and consolidated condensed interim statement of comprehensive income as and when incurred. Major renewals and improvements are capitalised.

Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows.

Maintenance and repairs are charged to income in the consolidated condensed interim statement of profit or loss and consolidated condensed interim statement of comprehensive income as and when incurred. Major renewals and improvements are capitalised.

Gains and losses on disposal are recognized in the consolidated condensed interim statement of profit or loss and consolidated condensed interim statement of comprehensive income in the period in which these arise.

#### Capital work-in-progress

These are stated at cost less accumulated impairment losses, if any. All expenditures incurred during installation and construction period, connected with specific assets, are carried in capital work-in-progress. These are transferred to specific assets as and when these assets are available for use.

## NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM JULY 1, 2024 TO MARCH 31, 2025

### 3.3 Intangible assets and amortisation

#### Goodwill

Goodwill represents the excess of the cost of acquisition over the fair value of the holding company's share of the net identifiable assets of the acquired subsidiary at the date of acquisition. Goodwill is tested for impairment annually and whenever there is an indication that the value may be impaired is carried at cost less accumulated impairment losses, if any. Impairment losses on goodwill are not reversed.

#### Other intangible assets

These are stated at cost less accumulated amortisation and impairment losses, if any. Amortisation is computed using the straight-line method over the estimated useful lives of the assets at the rate disclosed in these consolidated condensed interim financial statements.

### 3.4 Trade debts, contract assets and other receivables

Trade debts and other receivables are recognized initially at the amount of consideration that is unconditional, unless they contain significant financing component in which case such are recognized at fair value. The Modaraba holds trade debts with the objective of collecting the contractual cash flows and, therefore, measures the trade debts subsequently at amortised cost using the effective interest method.

A contract asset is recognized for the Modaraba's right to consideration in exchange for goods or services that it has transferred to a customer. If the Modaraba performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, the Modaraba presents the amount as a contract asset, excluding any amounts presented as a receivable.

### 3.5 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, deposits maintained with banks and short-term highly liquid investments with original maturity of three months or less from the date of acquisition. Running finance facilities availed by the Modaraba, if any, which are repayable on demand and form an integral part of the Modaraba's cash management cycle are included as a part of cash and cash equivalents for the purpose of the consolidated condensed interim statement of cash flows.

### 3.6 Modaraba certificates

Modaraba certificates are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new certificates or options are shown in equity as a deduction, net of tax, from the proceeds.

## NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED)

FOR THE PERIOD FROM JULY 1, 2024 TO MARCH 31, 2025

### 3.7 Investments

#### Investment in subsidiary

Subsidiaries are entities controlled by the Modaraba. The Modaraba controls an entity when it is exposed to, or has right to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Investment in subsidiary is initially recognized at cost, which is the fair value of the consideration paid on acquisition of the subsidiary. At subsequent reporting date, recoverable amounts are estimated to determine the extent of impairment loss, if any, and carrying amount of investment is adjusted accordingly. Impairment losses are recognized as an expense in profit or loss. Where impairment loss subsequently reverses, the carrying amount of investment is increased to its revised recoverable amount but limited to the extent of initial cost of investment. Reversal of impairment losses are recognized in the profit or loss.

The profits and losses of subsidiaries are carried forward in their financial statements and not dealt within these consolidated condensed interim financial statements except to the extent of dividend declared by the subsidiaries which are recognized in other income. Gains and losses on disposal of investment is included in other income, if any. When the disposal of investment in subsidiary resulted in loss of control such that it becomes an associate, the retained investment is carried at cost.

#### Investment in associate

Associates are entities in which the Modaraba has significant influence but not control over the financial and operating policies. Investments in associates are initially recognized at cost. At subsequent reporting date, the recoverable amounts are estimated to determine the extent of impairment losses, if any, and carrying amounts of investments are adjusted accordingly. Impairment losses are recognized as expense in the profit or loss. Where impairment losses subsequently reverse, the carrying amounts of the investments are increased to the revised recoverable amounts but limited to the extent of initial cost of investments. A reversal of impairment loss is recognized in the profit or loss.

The profits and losses of associates are carried forward in their financial statements and not dealt within these consolidated condensed interim financial statements except to the extent of dividend declared by the associates which are recognized in other income. Gains and losses on disposal of investment is included in other income.

### 3.8 Borrowings

Borrowings are recognized initially at fair value net of attributable transaction costs incurred and are subsequently stated at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognized in the consolidated condensed interim statement of profit or loss and consolidated condensed interim statement of comprehensive income over the period of the borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the Modaraba has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

## NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM JULY 1, 2024 TO MARCH 31, 2025

### 3.9 Staff retirement benefit

The Modaraba operates an un-approved / unfunded defined benefit gratuity scheme for all permanent employees who have completed the minimum qualifying period of service of one year. The Modaraba's net obligation in respect of unfunded gratuity scheme is calculated by estimating the amount of future benefits the employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. The calculation is performed annually by a qualified actuary using the Projected Unit Credit method. Remeasurement gains / losses are recognized in consolidated condensed interim statement of comprehensive income.

### 3.10 Trade and other payables

These are recognized initially at fair value and subsequently measured at amortised cost using the effective interest method. Exchange gains and losses arising in respect of liabilities denominated in foreign currencies are adjusted against the carrying amounts of the respective liabilities.

### 3.11 Provisions

Provisions are recognised when the Modaraba has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are not recognised for future operating losses. Provisions are reviewed at each reporting date and adjusted to reflect current best estimate.

### 3.12 Taxation

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

### 3.13 Financial instruments

#### Financial assets

The Modaraba classifies its financial assets in the following measurement categories in accordance with IFRS 9 based on the Modaraba's business model for managing the financial assets and the contractual terms of the cash flows:

##### (i) At amortised cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets, impairment losses, foreign exchange gains and losses, and gain or loss arising on derecognition are recognised directly in consolidated condensed interim statement of profit or loss.

## NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED)

FOR THE PERIOD FROM JULY 1, 2024 TO MARCH 31, 2025

### (ii) Fair value through other comprehensive income

Financial assets at fair value through other comprehensive income are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

### (iii) Fair value through profit or loss

Assets that do not meet the criteria for amortised cost or fair value through consolidated condensed interim statement of comprehensive income or assets that are designated at fair value through consolidated condensed interim statement of profit or loss using fair value option, are measured at fair value through consolidated condensed interim statement of profit or loss. A gain or loss on debt investment that is subsequently measured at fair value through consolidated condensed interim statement of profit or loss is recognised in profit or loss in the period in which it arises.

Equity instrument financial assets are measured at fair value at and subsequent to initial recognition. Changes in fair value of these financial assets are normally recognised in consolidated condensed interim statement of profit or loss. Dividends from such investments continue to be recognised in consolidated condensed interim statement of profit or loss when the Modaraba's right to receive payment is established. Where an election is made to present fair value gains and losses on equity instruments in consolidated condensed interim statement of comprehensive income there is no subsequent reclassification of fair value gains and losses to consolidated condensed interim statement of profit or loss following the derecognition of the investment.

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Modaraba commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Modaraba has transferred substantially all the risks and rewards of ownership. At initial recognition, the Modaraba measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss (FVPL), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in the consolidated condensed interim statement of profit or loss.

### Financial liabilities

Financial liabilities are recognised at the time when the Modaraba becomes a party to the contractual provisions of the instrument. Financial liabilities at amortised cost are initially measured at fair value less transaction costs. Financial liabilities at fair value through consolidated condensed interim statement of profit or loss are initially recognised at fair value and transaction costs are expensed unconsolidated condensed interim statement of profit or loss. Financial liabilities, other than those at fair value through profit or loss, are subsequently measured at amortised cost using the effective interest method.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Where an existing financial liability is replaced by another from the same lender or substantially different terms, or the terms of an existing liability are substantially modified, such an exchange and modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognised in consolidated condensed interim statement of profit or loss.

## NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD FROM JULY 1, 2024 TO MARCH 31, 2025

### Offsetting of financial assets and financial liabilities

Financial assets and liabilities are offset and the net amount reported in the consolidated condensed interim statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle either on a net basis, or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Modaraba or the counterparty.

### 3.14 Impairment

#### Impairment of non-financial assets

The carrying amounts of non-financial assets are assessed at each reporting date to ascertain whether there is any indication of impairment. If such an indication exists, the asset's recoverable amount is estimated to determine the extent of impairment loss, if any. An impairment loss is recognised as an expense in the consolidated condensed interim statement of profit or loss and consolidated condensed interim statement of comprehensive income. The recoverable amount is the higher of an asset's fair value less cost of disposal and value-in-use. Value-in-use is ascertained through discounting of the estimated future cash flows using a discount rate that reflects current market assessments of the time value of money and the risk specific to the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

An impairment loss is reversed if there is a change in estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognised.

#### Impairment of financial assets

The Modaraba recognises a loss allowance for expected credit losses in respect of financial assets measured at amortised cost.

For financial assets other than trade debts, the Modaraba recognises lifetime ECL when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial assets has not increased significantly since initial recognition, the Modaraba measures the loss allowance for that financial asset at an amount equal to 12-month ECL under IFRS 9.

The Modaraba measures expected credit losses on financial assets in a way that reflects an unbiased and probability-weighted amount, time value of money and reasonable and supportable information at the reporting date about the past events, current conditions and forecast of future economic conditions. The Modaraba recognises in profit or loss, as an impairment loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date.

The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial assets.

**NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED)**  
FOR THE PERIOD FROM JULY 1, 2024 TO MARCH 31, 2025

### 3.15 Contingencies

The assessment of contingencies inherently involves the exercise of significant judgement as the outcome of future events cannot be predicted with certainty. The Modaraba, based on availability of latest information, estimates the value of contingent liabilities, which may differ on the occurrence / non-occurrence of uncertain future event(s).

### 3.16 Revenue recognition

Revenue from sales of goods or services is recognized when the goods have been delivered and services are performed i.e. when the Modaraba has satisfied its performance obligation under the contract.

### 3.17 Other income

Return on bank deposits and short-term investments are recognized on a time proportion basis on the principal amount outstanding and at the rate applicable.

### 3.18 Borrowing costs

Borrowing costs are recognised as an expense in the period in which these are incurred, except, where such costs are directly attributable to the acquisition, construction or production of a qualifying asset in which case such costs are capitalised as part of the cost of that asset. Borrowing costs include exchange differences arising from foreign currency borrowings to the extent these are regarded as an adjustment to borrowing costs.

### 3.19 Foreign currency transactions and translation

Transactions in foreign currencies are translated into Pak Rupees at the rates of exchange prevailing on the date of transactions. Monetary assets and liabilities denominated in foreign currencies are translated into Pak Rupee equivalents using the exchange rates at the reporting date. Non-monetary assets and liabilities are stated using exchange rates that existed when the values were determined. Exchange differences on foreign currency transactions and translations are included in the consolidated condensed interim statement of profit or loss and consolidated condensed interim statement of comprehensive income.

### 3.20 Transactions with related parties

Sales, purchases, services and other transactions with related parties are carried out on terms and conditions agreed between the parties.

### 13. LONG-TERM FINANCING - SECURED

During the year 2022, the Subsidiary availed long term financing facilities under two separate agreements for setting up 5 MW and 2 MW solar power plants, amounting to Rs. 407 million and Rs. 173 million respectively, from M/s. Meezan Bank Limited and Pak Kuwait Investment Company Limited. The facilities are secured by way of hypothecation of 5 MW and 2 MW solar plants and machinery, assignment of rights, benefits and receivables under the project insurance/takaful, exclusive lien and rights of set off over the project accounts, pledge of Company's shares and personal guarantees of directors.

The common principal terms and conditions of the facilities are as follows:

- a) The tenure of each tranche of both facilities is 10 years (including six months grace period commencing from the date of the disbursement of funds)
- b) Each tranche of the loan is to be repaid in 38 equal quarterly instalments, starting from December 2022.
- c) Profit (rental) is repayable on quarterly basis from the next quarter of draw down.

## NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED)

FOR THE PERIOD FROM JULY 1, 2024 TO MARCH 31, 2025

25.1 As of the reporting date there were no material temporary differences, therefore, no deferred tax has been recognized in these consolidated condensed interim financial statements.

### 26. FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT

The Board of Directors of the Modaraba Management Company has overall responsibility for the establishment and oversight of the Modaraba's risk management framework. The Modaraba has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

#### 26.1 Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

A financial asset is regarded as credit impaired as and when it falls under the definition of a 'defaulted' financial asset. For the Modaraba's internal credit management purposes, a financial asset is considered as defaulted when it is past due for 90 days or more.

The Modaraba writes off a defaulted financial asset when there remains no reasonable probability of recovering the carrying amount of the asset through available means.

##### (i) Exposure to credit risk

The carrying amount of financial assets represent the maximum credit exposure. Credit risk of the Modaraba arises principally from the trade debts, deposits, other receivables bank balances and instruments in hand, if any. The maximum exposure to credit risk at the reporting date was:

**March 31,  
2025**

—— Rupees ——

Trade receivables	27,127,957
Due from related parties	1,412,560
Other receivables	35,773,152
Short term investments	66,570,713
Bank balances	183,565,274
	<hr/>
	314,449,656

## NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED)

FOR THE PERIOD FROM JULY 1, 2024 TO MARCH 31, 2025

### Bank balances

The Modaraba limits its exposure to credit risk by maintaining bank accounts only with counterparties that have a good credit rating. Given these high credit ratings, management does not expect any counterparty to fail to meet its obligations. There are no indicators of impairment as the counter parties have reasonably high credit ratings as mentioned below:

Name of bank / financial institutions	Rating agency	Rating	
		Short-term	Long-term
Bank Islami Pakistan Limited	PACRA	A1	AA-
Meezan Bank Limited	VIS	A1+	AAA

### 26.2 Liquidity risk

Liquidity risk is the risk that the Modaraba will not be able to meet its financial obligations as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of adequate funds through committed credit facilities. The Modaraba finances its operations through equity and borrowings with a view to maintaining an appropriate mix between various sources of finance to minimize risk.

The following are the contractual maturities of financial liabilities, including estimated interest payments:

March 31, 2025	March 31, 2025				
	Contractual cashflows	Within 1 year	Between 1 to 5 years	Later than 5 years	Total
Long term financing - secured	427,449,367	61,064,200	305,321,000	61,064,167	427,449,367
Lease liability	7,849,987	4,361,288	3,488,699	-	7,849,987
Security deposit	32,276,694	-	-	32,276,694	32,276,694
Due to related parties	58,467,803	58,467,803	-	-	58,467,803
Trade and other payables	5,649,363	5,649,363	-	-	5,649,363
	531,693,213	129,542,653	308,809,699	93,340,861	531,693,213

### 26.3 Market risk

Market risk is the risk that the value of the financial instrument may fluctuate as a result of changes in market interest rates or the market price due to change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market. The Modaraba incurs financial liabilities to manage its market risk. All such activities are carried out with the approval of the Board.

Market risk management is further analysed in three categories:

- (a) Interest rate risk management
- (b) Currency risk management
- (c) Price risk management

## NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED)

FOR THE PERIOD FROM JULY 1, 2024 TO MARCH 31, 2025

### (a) Interest rate risk management

The interest rate risk is the risk that the fair value of the financial instrument will fluctuate due to the changes in the market interest rates. Sensitivity to the interest rate risk arises from mismatch of financial assets and liabilities that mature in a given period.

#### Profile

At the reporting date the interest rate profile of the Modaraba's interest-bearing financial instruments was as follows:

	Carrying amount	Interest rate (per annum)	March 31, 2025			
			Rupees	%		
<b>Variable rate instruments at carrying amount</b>						
<b>Financial assets</b>						
Bank balances - local currency	183,565,274	7% - 10%				
<b>Financial liabilities</b>						
Long-term financing - secured	427,449,367	5.88% - 23.99%				

#### Sensitivity analysis

The Modaraba does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate will not affect the carrying amount of any financial instrument.

The following information summarizes the estimated effects of 1% hypothetical increases and decreases in interest rates on cash flows from financial assets and financial liabilities that are subject to interest rate risk. It is assumed that the changes occur immediately and uniformly to each category of instrument containing interest rate risk. The hypothetical changes in market rates do not reflect what could be deemed best or worst case scenarios. Variations in market interest rates could produce significant changes at the time of early repayments. For these reasons, actual results might differ from those reflected in the details specified below. The analysis assumes that all other variables remain constant.

## NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED)

FOR THE PERIOD FROM JULY 1, 2024 TO MARCH 31, 2025

March 31,  
2025

—— Rupees ——

### 27. FINANCIAL INSTRUMENTS BY CATEGORY

Financial assets as per statement of financial position:

- At amortized cost

Trade receivables	27,127,957
Due from related parties	1,412,560
Other receivables	35,773,152
Short term investments	66,570,713
Bank balances	183,565,274
	<hr/>
	314,449,656

Financial liabilities as per statement of financial position:

- At amortized cost

Long term financing - secured	427,449,367
Lease liability	7,849,987
Security deposit	32,276,694
Due to related parties	58,467,803
Trade and other payables	5,649,363
	<hr/>
	531,693,213

### 28. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

As at March 31, 2025, the fair values of all assets and liabilities reflected in the financial statements approximate their carrying amounts.

### 29. CAPITAL RISK MANAGEMENT

The Modaraba's objective when managing capital, is to safeguard the Modaraba's ability to provide return to shareholders and benefits for other stakeholders, and to maintain a strong capital base to support the sustained development of its business. The Board regularly monitors the capital structure of the Modaraba by ensuring that appropriate capital is injected and manages its capital structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. There were no changes to the Modaraba's approach to capital management during the year and the Modaraba is not subject to externally imposed capital requirements.

## NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED)

FOR THE PERIOD FROM JULY 1, 2024 TO MARCH 31, 2025

The Modaraba manages its capital structure by making adjustments to it in the light of changes in economic conditions. To manage its capital structure, the Modaraba may issue shares or use dividend policy to influence the retention rate.

The management closely monitors the return on capital along with the level of distribution to certificate holders. Following is the quantitative analysis of what the Modaraba managers as capital:

	<b>March 31, 2025</b>
	—— Rupees ——
<b>Certificate holders' equity</b>	
- issued, subscribed and paid-up capital	1,000,000,000
Total capital managed by the Modaraba	<u>1,000,000,000</u>

### 30. EARNINGS PER CERTIFICATE - BASIC AND DILUTED

#### 30.1 Basic earnings per certificate

Profit after taxation	58,145,853
	—— Numbers ——
Weighted average number of certificates outstanding	100,000,000
	—— Rupees ——
Earnings per certificate - basic	0.58

#### 30.2 Diluted earnings per certificate

There is no diluted effect on the basic earnings per certificate of the Modaraba, since there were no potential certificates in issue as at March 31, 2025.
